

Serial No. 10,785,335

## REMARKS

The Examiner has rejected claims 1 and 5 under 35 U.S.C. 103(a) as being unpatentable over Watts (US Patent No. 4,278,550) taken together 5 with Lavigne (US Patent No. 2,015,076). Applicant has amended these claims to overcome the Examiner's rejection.

Additionally, the Examiner has objected to claims 2 through 4 and 6 through 8 as being dependent upon a rejected claim. However, the 10 Examiner states that said claims would be allowable if rewritten in independent form. Applicant has amended the independent claims to include the limitations of the dependent claims.

15 Applicant believes his application is now allowable and ready to be passed to publication and requests an early favorable action.

Respectfully submitted,
